Initial Placement of Teacher Specialists

There are no predetermined intermediate salary steps to place a candidate from outside the State civil service into the Teacher Specialist salary range. The salary will be between the minimum and maximum ranges, based on the verifiable current salary the person is earning, any competing job offers, and any other income the person will forfeit by accepting the Teacher Specialist job.

Salary placement of candidates already employed by the State in a civil service or a State exempt classification is calculated by determining the comparable daily rate, the new annual work days, and the 5% salary increase if applicable. An example of the 5% salary increase not being applicable is someone from a class with the salary range higher than that of the Teacher Specialist moving into the Teacher Specialist class.

Movement of Teacher Specialists through Salary Range

Upon successful completion of twelve months of service, a Teacher Specialist receives the 5% Merit Salary Adjustment (MSA) until the maximum salary rate is reached.

Teacher Salary Schedule Effective 7/1/20

Basic Requirements

1. Persons employed as academic teachers must possess a minimum of a Bachelor's Degree (BA) and a valid credential authorizing service for the position in which employed.
2. Persons employed as vocational teachers must have a Bachelor's Degree or equivalent and a valid credential authorizing service for the position in which employed. The combination of college work and in-trade work experience totaling seven years will be accepted as equivalent to the Bachelor's Degree.
3. A Bachelor's Degree may be either a Bachelor of Arts or a Bachelor of Science. Credentials must be approved by the California Commission on Teacher Credentialing.
4. Unit credits are counted on a semester basis. Quarter units are converted to a semester equivalent on the basis of 1 quarter unit equals 2/3 of a semester unit.
5. When comparing a candidate's current salary to the salary offered at the State Special School, all relevant salary amounts, including pay differentials, shall be used to determine the special school salary.

Placement Factors

1. Credentials/Advanced Degrees
 - 1.1 Teachers employed with a valid credential and a BA may be placed in Steps 1-6, as determined by credit for previous experience.
 - 1.2 Teachers employed with a valid credential and who have earned at least 30 semester units beyond the BA (or Master's degree (MA)) may be placed in Steps 2-7, as determined by credit for previous experience.
 - 1.3 Teachers employed with a valid credential and who have earned at least 45 semester units beyond the BA (or MA plus 15) may be placed in Steps 3-8, as determined by credit for previous experience.
 - 1.4 Teachers employed with a valid credential and who have earned a Ph.D. or Ed.D. may be placed in steps 4-9, as determined by credit for previous experience.
2. Experience
 - 2.1 One step of experience credit may be allowed for each year of full-time teaching with the type of student being served in the State Special School, up to a total of five steps. Prior experience allowed for credit must have been performed within ten years prior to the hire to the special school.

2.2 One step of experience credit may be allowed for each two years of full-time teaching in regular classes or with other types of students than those being served in the special school, up to a total of five steps.

2.3 Vocational teachers may be allowed one step of credit for each two years of trade experience.

3. Merit Advancement

3.1 Except as limited below, teachers may be advanced one step on the salary schedule for each year of successful teaching in the special school. Movement to a higher step may be effective on the first of the monthly pay period next following completion of a year's satisfactory service. Merit advancements are not allowed beyond the levels indicated below unless the required additional training has been completed.

3.2 Teachers advancing from Step 6 to Step 7 must have earned at least 30 semester units (or MA) beyond the BA degree.

3.3 Teachers advancing from Step 8 to Step 9 must have earned 45 semester units (or MA + 15) beyond the BA degree.

4. Training Credit

4.1 Approved workshop credit may be allowed in lieu of semester units. Fifteen (15) workshop credit hours may be allowed for each semester unit.

4.2 Vocational teachers may substitute approved in-trade work experience in lieu of semester units. Two weeks in-trade work experience may be allowed for each semester unit.

5. Existing Salary Credit

5.1 When the selected candidate demonstrates that his/her salary exceeds that allowable based on credentials, degrees, and experience, the Site Superintendent may offer placement on a higher step that falls within 5% of the salary earned by the candidate. However, once appointed the candidate may receive annual merit advances only if he/she meets the criteria for advancing into the higher steps (i.e., possesses the advanced degrees and education).
